

GIS TAIWAN

6th Global Initiatives Symposium in Taiwan

Dear student delegates,

On behalf of Office of Student Affairs, National Taiwan University, it is my great pleasure and honor to invite you to be part of Global Initiatives Symposium in Taiwan 2014, to be held during July 14-18 in Taipei.

The Global Initiatives Symposium in Taiwan is a collegiate-held event, pioneered back in 2009 by a group of college students from National Taiwan University. Every year a new topic is set in the hope of enabling participating students to gather, discuss and debate on current international affairs. At the same time we invite speakers from different fields of expertise to come and share their different points of view, and by gathering guests from different communities, we aim to combine practical with theoretical thoughts, as well as to create a platform for the leaders of different communities to interact with the bright minds of tomorrow.

This year's topic is "Stand Up! Stand Out! "We hope that by holding workshops, forums and action program, delegates can be inspired to develop brand new thoughts on the related issues.

With great effort, GIS Taiwan has been growing at a substantial pace. We sincerely hope that you are able to attend our conference as the delegate and enjoy the conference held by our student organizing team. Last but not the least, we look forward to seeing you in Taiwan.

Yours Sincerely,

Tsung-Fu Chen
Dean, Office of Student Affairs,
National Taiwan University
